Where the Insured Person is admitted to a room whose rent exceeds the eligible limit stated in the Schedule, the Company shall be liable only for a proportionate share of ALL Associated Medical Expenses (including surgeon's fees, anaesthetist fees, OT charges, diagnostics, and medicines billed during hospitalisation) in the ratio which the eligible room rent bears to the actual room rent occupied. Illustration: eligible room Rs. 5,000, occupied room Rs. 10,000 — the Company pays 50% of all such expenses irrespective of Sum Insured available.

4.7 Voluntary Co-payment. The Insured has opted for a voluntary co-payment of 15% on each and every claim in consideration of the premium discount reflected in the Schedule. This co-payment applies in addition to (and shall be computed after) the Zone-based co-payment under Cl. 5.4.2 and the age-based co-payment of 10% applicable to any Insured Person aged 61 years or above at the time of claim.

4.9 Aggregate Deductible. An aggregate deductible of Rs. 25,000 per policy year applies to all claims other than accidental hospitalisation. The deductible credit shown in the premium computation is consideration for this deductible and does not constitute a reduction thereof.

Any condition, ailment, injury or disease diagnosed, or for which medical advice or treatment was received, within 48 months prior to inception, and any complication arising therefrom, is excluded for 48 months of continuous coverage.
